

Dear Chairman Powell and members of the Commission,

My wife and I strongly oppose any additional loosening of the ownership rules and deregulation of the media. I urge members of the F.C.C. to vote against it at your Biennial Review on June 2. We would also request that the deadline be extended to allow for more input and testimony on this vital issue. The diversity of media is essential to the functioning of our democracy. There is already much too much concentration of the media, especially the huge reduction in the number of perspectives on the radio. The airwaves belong to the American people, not corporations. Thank you very much for your consideration.
